**Cobb Pregnancy Services is soliciting Sunday School classes or other groups to help us provide diaper bags filled with the following new items to be given at a baby shower at the end of each six-week prenatal/parenting class. The women who receive these bags are single women who receive little or no support from their families. The only baby shower most of them will have is the one they participate in at Cobb Pregnancy Services. The only new items that they will receive are the items they will find in the diaper bags that we give to them as a gift. Your group could provide empty or filled diaper bags or you could choose to donate individual items from the list below. Whatever you do, it will be a blessing!**
