

Dear Friends

Dear Friends of Cobb Pregnancy Services,

The birth of Jesus Christ, our Lord and Savior, was the God appointed time when the Creator of man became man. The story of Jesus' conception from the Annunciation, through the Visitation, to His birth in a humble stable in Bethlehem provides tangible proof to doubters that the baby forming in the womb is a human being.

For many, the Christmas season merely signifies the close of another year. As Christians, and the body of Christ, Christmas serves as a time of renewal for our heart, mind and soul. It is an entire season dedicated to the anticipation of the birth of our Savior and King – a beautiful celebration of the Hope of Life!

However, we must not lose sight of the reality that there is an enemy who seeks to destroy every good and perfect gift from above. Much like the story of David and Goliath, we face giants everyday as the battle for the sanctity of life wages on.

The Goliath figures, like Planned Parenthood, NARAL and NOW, carry heavy weapons and are armed with appealing lies and deception. Yet we know they are no match for an Almighty God. Just like David, God calls us to come forward "with haste and run to meet the enemy." We are victorious not in our own ability but in our fearless faith in God. We fight with confidence by trusting God to provide for His ministry and to protect His unborn children.

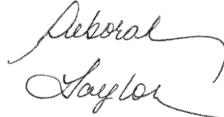

One day we will meet our Creator in Glory and all nations, tongues and tribes will fall at His feet and cry Holy! How many of those gathered will be lives saved through the ministry of CPS?

We need you to run with haste alongside us to meet the enemy. God is sending us out as sheep in the midst of wolves and we need to be wise as serpents and harmless as doves (Matthew 10:16).

By the close of 2009, we will serve more than 5,000 women and men. Our current resources help to meet our basic needs but as the number of clients continue to grow; the need to undergird our monthly income is more important than ever.

As you enjoy the Christmas season and anticipate the celebration of the arrival of our Savior and King, please prayerfully consider how you can support the life-giving ministry of CPS. Make no mistake; the giants we face are well funded at the local, state and national level.

Have a Blessed Christmas,

Deborah Taylor
Chairman of the Board

"THE WORD BECAME FLESH AND MADE HIS DWELLING AMONG US." JOHN 1:14

*On behalf of everyone at Cobb Pregnancy Services,
thank you for your faithfulness!*
